Mission and Goals

Our Mission:

As a nonprofit corporation founded in the Fall of 2017, we are led by a board of directors who represent our diverse community. We work to:

- Respond to the need for increased community involvement and support for public education.
- Foster creative approaches to education through grants and private sector donations.

Goals:

The CCSF operates under the umbrella of the Calvert Community Foundation, which is in partnership with Chesapeake Charities. The CCSF seeks to secure resources needed to enhance the educational process by supporting activities not typically funded by tax dollars; plan and support special initiatives that promote Calvert County Public Schools to the entire community, and promote school needs and encourage exceptional ideas that improve the educational process.
